eRegInsLocal Installer

Sometimes connectivity issues will prevent the native updater from completing. In that case you should download the eRegInsLocal zip file and follow these steps:

Go to https://www.eregisterpro.com/support

Click on eRegInsLocal Installer for eRegisterPro 10.6 Client (fix if eRegIns times out)

This will download a zip file. Extract the zip file, but you *must change the destination to C:* as shown below:

Select a Destination and Extract Files

Files will be extracted to this folder:	
C:\Users\deer\Downloads\eRegInsLocal	Browse

Select a Destination and Extract Files

Files will be extracted to this folder:

(C:\		/	Browse
		$^{\prime}$ \sim		

Navigate to C:\eRegInsLocal

For first-time installation, right click on **webinstaller.bat** and select "Run as administrator" For updating an existing install, right click on **webupdater.bat** and select "Run as administrator"

This PC → Windows (C:) → eRegInsLocal
